Send a Boy or Girl to Camp or Missions !

Hey, Jack! Tell me about **Sports Outreach** ! Who is involved ?

Sports Outreach is a local non-profit organization with national sports ministry affiliations. Our purpose is "to share the message of Jesus Christ in sports settings, helping student athletes and coaches to *integrate* their faith with their sport, and to help *motivate* them to compete well.

Sports Outreach is a campus based local movement which provides ministry programs to both student athletes and coaches. Opportunities to: fellowship, improve athletically, and grow spiritually. **SO** utilizes a *Team Meeting* to introduce its *Team Devotion* and *Bible Study* programs. We also partner with summer camps, other campus ministries, connect with church mission trips, and do community outreach activities.

Each summer, **Sports Outreach** sends boys, girls, and coaches to sports and leadership camps or clinics. The time of "*integrating faith with sports*" combines athletic competition, seminars, speakers, testimonies, and leadership training for a time they will never forget. The Lord uses a camping experience to change lives!

In Greater Asheville, there are 21 groups / teams at high schools and colleges. I meet personally with approximately 200 youth and coaches per month in Buncombe county. (Other counties as requested.)
